18 NOV 1959

The Honorable
The Attorney General
Washington 25, D. C.

Attention: Mr. Frederick A. Carley
Chief, Fraud Section, Civil Division

Dear Mr. Attorney General:

Reference is made to a claim filed with the Department of Justice on 2 September 1959 concerning the indebtedness of [REDACTED] in the amount of \$28,474.05. Considerations affecting the national security make it necessary to request at this time exercise of the discretion vested in the Attorney General to discontinue further action in the matter. Our review of the information necessary for further prosecution of the claim reveals that the information affects the national security and may not be declassified.

We wish to thank you and the officers of the Department who participated in this case. Your very sincere efforts on behalf of the Central Intelligence Agency, in attempting to arrive at a workable solution in this matter, are appreciated.

Sincerely,

Allen D. Dulles
Director
